I. WRITTEN RESPONES – QUESTIONS AND ANSWERS

QUESTION 1: Is the University of NM Hospital a connected Commonwell partner?

RESPONSE: **Yes.**

QUESTION 2: Are these accurate for top pain points with your current EMR? What am I missing?

- No way to track re hospitalization
- Need unlimited users
- No upcoming recert report

RESPONSE: **Yes.**

QUESTION 3: Can you please advise the best way for a legacy data archiving vendor to present our software and pricing to you? It is not explicitly requested in the RFP for the EHR. Should we complete this RFP anyways individually? Team with another EHR vendor(s)? Or will there be a separate RFP?

RESPONSE: **The UNMHSC would prefer they were part of an EHR vendors RFP. The UNMHSC was not talking about another RFP because we can just archive with Cerner given the data is already in their system.**
